Final Steps After Each Set of Corrections:
Run "preview" - otherwise the data file to be transferred will not be updated. To preview "comparative" pages,
must turn them on under "preview options".
Make corrections to clear any errors and re-run the checklist .
When the FINAN file is clean, prepare and transfer as follows:
1. On "General Information" screen, check (✓) "Analysis complete, include in RankEm group summary" (unless
there is some reason it shouldn't be, and please note why below).
2. Complete the "Summary Information" screen. <u>All</u> information blanks must be completed <u>including analyst</u> name. Use first 6 digits of farm number for Farm ID. If no acres are owned use "0".
3. Run "preview" for final update to file.
4. E-mail the FinPack data file with no extension or the ".FPD" extension (File type "FINPACK Document") file
along with a completed FINAN checklist to <u>fowlerb@missouri.edu</u> Large files may need to be zipped
(compressed) before sending. Please do not send an opened file, as I receive it locked and have to go through an
unlocking procedure.
Notes and explanations concerning this FINAN:
